Provision of Cash for Famine Affected House Holds of South Eastern and Southern Zones of Tigray

Executive Summary

Young Foundation with registry number 7101, was founded to sustainability help the society around East Africa, with a special focus on Northern Ethiopia's Tigray as the recent war has devastated human and material values in the region. Moreover, the foundation has also been interested in mobilizing small funds to support people under famine in Tigray; and its 1st round project was in Southern Tigray (Raya and Wejjerat); With studied data from the government, severely damaged villages and districts were selected. Even though the raised money is too small compared to the severity of the problem, saving the people even for a few days was meaningful to them: at least until grad support comes from other initiatives. The source of the money was from diaspora Tigray living in Western countries. Ms. Mulu Tadeg¹, Mr. Hagos Hailu², Mr. Solomon Berhe³, Dr. Hagos Abrha,⁴ and others were the front mobilizers in the diaspora community. During the distribution of the support, it was decided into sub-projects.

Introduction

Amidst the backdrop of a devastating war and prolonged drought, the people of Tigray find themselves grappling with a dire humanitarian crisis characterized by widespread famine and acute food insecurity. In response to this urgent situation, the Gumaye Foundation, despite being a nascent humanitarian organization, has taken proactive steps to intervene in the southern and southeastern zones of Tigray. Their intervention aims to alleviate the suffering of affected communities by providing essential assistance in the form of cash transfers. This report delves into the efforts undertaken by the Gumaye Foundation, focusing on their initiative to distribute financial aid to 863 households, each receiving 2000 Ethiopian Birr, totaling to 1,726,000.00 Ethiopian Birr. Through this initiative, the Foundation seeks to address the immediate needs of vulnerable households and contribute towards mitigating the prevailing food insecurity crisis in Tigray.

Method of distribution

Prior to the distribution of cash provisions to the intended beneficiaries, a meticulous selection process was conducted in collaboration with Gumaye Foundation staffs, local government officials from the respective woredas, and community leaders. This comprehensive approach aimed to ensure that the most vulnerable households were prioritized for assistance. Through this joint effort, a total of 924 households were identified, with 141 from Woreda Endamokoni, 290 from Woreda Raya Chercher, 287 from Woreda Raya Azebo, and the remaining 206 from Woreda 20 Adi Wejerat.

Following the identification of beneficiaries, a thorough needs assessment was undertaken to determine the appropriate type of response required to address the pressing challenges faced

by each household. It was concluded that providing cash assistance via agent banks would serve as a timely and effective remedial solution to alleviate immediate hardships.

Subsequently, Gumaye Foundation meticulously prepared a list of beneficiaries, along with their respective bank account details, to facilitate the seamless distribution of funds. Each household was earmarked to receive 2000 Ethiopian Birr, reflecting a commitment to providing meaningful support to those in need within the specified woredas of the two zones.

Furthermore, extensive coordination efforts were undertaken to ensure transparency and accountability throughout the distribution process. Close collaboration between Gumaye Foundation, local authorities, and community representatives helped to mitigate any potential challenges and fostered trust among all stakeholders involved.

In essence, the method of cash distribution for identified beneficiaries in the specified woredas of the two zones exemplifies a strategic and inclusive approach towards addressing the urgent needs of vulnerable populations in Tigray. By prioritizing transparency, accountability, and community participation, Gumaye Foundation endeavors to make a tangible and positive impact in the lives of those affected by the ongoing humanitarian crisis.

Given that the amount of money allocated for the beneficiaries was collected from various donors across the globe, Gumaye Foundation made a commitment to allocate 100% of the collected funds directly to the beneficiaries, without any deductions for expenses. As a result, Gumaye Foundation covered all the expenses incurred during the distribution process from its administrative budget.

Total Number of households from IDP Centres benefited by the provision

The Gumaye Foundation has persistently extended financial assistance to the most vulnerable internally displaced persons (IDPs) situated in the Maichew, Mekoni, and Raya Chercher IDP centers. Despite the harrowing severity experienced by these individuals, the Foundation, constrained by limited funds, has been compelled to meticulously identify those households within the IDP community that are most severely affected. Among the sophisticated IDPs, IDPs cohabiting with hosts, and the hosts themselves, a total of 426 households within the IDP community were singled out and provided with 2000 Ethiopian Birr per household, amounting to a dedicated allocation of 852,000 Ethiopian Birr for these households.

Furthermore, out of the total, 200 households (comprising 75 from Ofla Woreda, 40 from Zata Woreda, and the remaining 85 from Korem Wereda) were identified from the Maichew IDP center. Similarly, 126 households (80 from Alamata and the remaining 46 from Raya Alamata) were identified from the Mekoni IDP center. Additionally, 100 households were identified from the Raya Chercher IDP center.

In an effort to ensure accountability for the affected individuals, the Gumaye Foundation endeavored to facilitate cash provision via bank transfers. However, due to some households among the IDPs lacking bank account numbers, the Foundation resorted to distributing cash in person. Notably, 68 households from the Mekoni IDP center were among those who received cash payments in hand.
